

2022 AACA Grand Nationals Parking Guidelines

- Please note that there is no trailer parking immediately around The Founders Inn & Spa. Please do not bring your trailer to registration at the host hotel and definitely do not park it in the hotel parking lots. Parking around the main hotel, its adjacent York Lodge, James Lodge, and Flowering Almond Spa is reserved for registered guests (and not large enough for trailers to maneuver or park anyway).
- RV parking and most of the trailer parking (75%) is located on the campus of Regent University (where The Founders Inn is located). The rest of trailer parking (25%) is at the nearby America's Auto Auction facility (less than 3 miles away). (This is a very secure facility—it has electric fences and will be locked overnight.) Parking will be assigned on a first-come, first-served basis, but participants who arrive on Friday (and possibly some who arrive in the late afternoon on Thursday) can expect to park their trailer at the America's Auto Auction location.
- Participants who registered for trailer parking and arrive earlier than noon on Wednesday, 18 May 2022, will probably park in one of the show field lots and then need to move their trailer to their assigned trailer parking lot on Wednesday afternoon or Thursday. (One of the trailer parking lots on the campus opens at 12 PM on Wednesday. The others open on Thursday. America's Auto Auction opens on Friday.)
- Please note that there is no day-of-show-only trailer parking on the Regent University campus. For those arriving with trailers on Saturday, if you have not already spoken with Bill Treadwell (our Trailer Chairperson), go to America's Auto Auction (656 S. Military Hwy, Virginia Beach, VA 23464), unload your show vehicle, and drive it to the show field. If you did not preregister for trailer parking, you need to make your own arrangements for off-site trailer parking.
- There will be ORANGE signs directing you to trailer parking on Regent University. Please follow the signs. Note that the entrance to trailer parking is immediately after you exit I-64 onto Indian River Road. (It comes up quickly—you will still be in the right exit lane—and is about 100 yards before you the traffic light at the entrance to The Founders Inn.)

CAUTIONS:

1. Please note that the owners of the parking lots being used for trailer parking (including America's Auto Auction) have directed that there be no photography in the trailer parking lots. Please respect their wishes.
2. Please park your trailer (or RV) only in your assigned parking lot. (There are other lots on the Regent University campus, but these are reserved for students and for employees of Regent University, CBN, QVC, and Anthem Insurance. If you park your trailer in any of these lots, you risk having your trailer ticketed and/or towed.)

Thank you for your understanding and cooperation. If you have any questions, please contact our Trailer Chairperson—Bill Treadwell—at (757) 650-3667.
